

| | |
|--|--|
| Essential Qualification: Ph. D (Science/Engineering) submitted in the field of Ceramic Technology / Chemical / Material Science / Materials & Metallurgical Engineering / Physics / Chemistry Or M.E. / M.Tech in Ceramic Technology / Chemical / Material Science / Materials & Metallurgical Engineering | |
| Screening Criteria: | |
| 1 | Ph.D (Science/Engineering) submitted in the field of Ceramic Technology / Chemical / Material Science / Materials & Metallurgical Engineering / Physics / Chemistry or M.E. / M.Tech in Ceramic Technology / Chemical / Material Science / Materials & Metallurgical Engineering |
| 2 | Candidates having done Ph.D work in the field of Glass Science & Technology or M.E. / M.Tech project work in the area of Glass Science & Technology or Minimum one year of research experience in Glass Science and Technology/Experience in Industrial Scale Glass melting. |
