

Skill Development Training Program

(Under CSIR Integrated Skill Initiative - PHASE III)

CSIR-Central Glass & Ceramic Research Institute

Training & Demonstration on “Terracotta Processing & Characterisation”.

Date: 11th to 13th February 2026

It is requested to register yourself or nominate your representative by filling up the attached application form **on or before 09.02.2026**.

About the Program

CSIR-CGCRI has vast and strong expertise in the field of traditional ceramics. The institute is well equipped with various state-of-the-art instruments for characterizing different aspects of glass and ceramic raw materials and products.

The **CSIR-CGCRI Khurja Centre** is functioning to cater to the needs of developing, creaming and allied industries, particularly to the Ceramic Industries in the Small Scale and Rural Sector. This Centre of CGCRI has contributed to a great extent in the modernization and all-around development of Ceramic Industries in Khurja on energy efficiency & Cluster Development. The Centre is actively involved in Research & Development in traditional ceramics, testing, and training activities for the growth of ceramic industries and rural artisans since its inception.

Skill India is an initiative of the Government of India that has been launched to empower the youth of the country with skill sets that make them more employable and more productive in their work environment.

CSIR-CGCRI is pleased to announce a three (03) days training program entitled “**Training & Demonstration on “Terracotta Processing & Characterisation”**” at **CSIR-CGCRI, Khurja Centre, Old G.T. Road, Bulandshahr, U.P.- 203131** with an aim to impart the hands-on training to people working in industry, academia and students. The program’s curriculum is designed to enhance participants’ understanding of the scientific principles and technical mechanisms underlying each step of quality control in the manufacturing process, from raw materials to finished Terracotta products.

Objective

The main objective of this skill development program is to provide basic training on **Terracotta Processing & Characterisation through** lectures and demonstrations.

Skill Development Training Program

(Under CSIR Integrated Skill Initiative - PHASE III)

CSIR-Central Glass & Ceramic Research Institute

Course Details

Title	Course details	Duration	Eligibility
Training & Demonstration on “Terracotta Processing & Characterisation”	<ul style="list-style-type: none"> • Raw material selection for Terracotta body processing • Batching, milling, slip casting & different process of body making • Plaster of Paris mould making and its advantage • Glaze preparation & its application • Precautions to be taken care 	03 days training from 11 th to 13 th February 2026. Daily 10:00 AM to 05:00 PM	Industry people / Diploma (Engg.) / Degree/ Higher Secondary (10+2/Artisan
