

Low moisture castable (45-75% Al_2O_3)

IPR STATUS

Off patent

APPLICATION/USES

High temperature refractory for steel, cement, petrochemicals, thermal power plants etc.

SALIENT TECHNICAL FEATURES INCLUDING COMPETING FEATURES

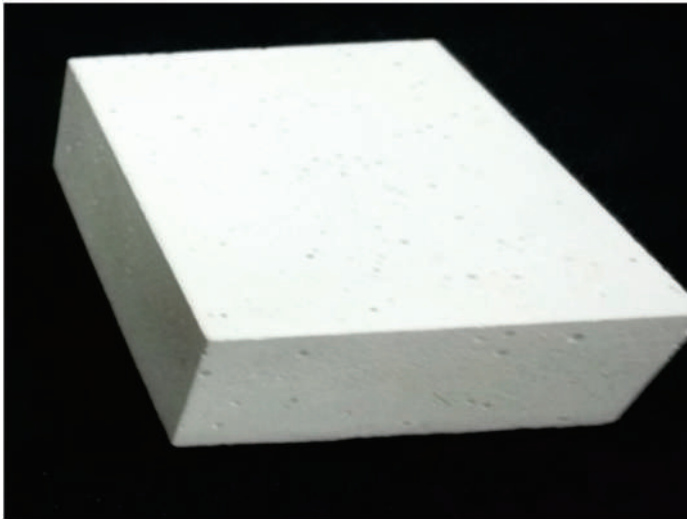

- No special mixing required
- Less inventory
- Easy installation

LEVEL/SCALE OF DEVELOPMENT

Technology transferred and commercialized

LINE MINISTRY MAPPING/USER SECTOR

Ministry of Steel / Steel Industry, cement industry / Refractory industry/ Ministry of Power

Low moisture castable block
